

## **CERME 12: Thematic Working Group 12 History in Mathematics Education**

**Leader:** Renaud Chorlay, (France), [renaud.chorlay@inspe-paris.fr](mailto:renaud.chorlay@inspe-paris.fr)

**Co-leaders:**

Tanja Hamann (Germany); Jenneke Krüger (Netherlands); Antonio M. Oller-Marcén (Spain).

### **Scope and focus of the Working Group**

History of mathematics *in* mathematics education, and history *of* mathematics education continue to receive much attention. Although empirical research and coherent theoretical/conceptual frameworks within this area have emerged relatively recently, there exists an increasing interest in these lines of work. The purpose of this CERME TWG is to provide a forum to approach mathematics education in connection with history and epistemology.

### **Call for papers and poster proposals**

TWG12 welcomes both empirical and theoretical research papers, and posters proposals related to one or more of the following issues – although any paper or poster of relevance to the overall focus of the group will be taken into consideration. All educational levels can be considered, from early-age mathematics to tertiary education and teacher training:

1. *Design of teaching/learning materials using the history of mathematics, preferably with conclusions based on empirical data.*
2. *Research on the existing uses of history or epistemology in curricula, textbooks, or classroom practice.*
3. *Research on the history of mathematics education, on local, national or international level.*
4. *Connections between mathematics education, history of mathematics, and history of mathematics education: Theoretical and methodological issues.*

Papers and poster proposals should use the CERME template, and conform to the guidelines at [www.cerme12.it](http://www.cerme12.it) CERME 12 uses an electronic submission system [www.conftool.pro/cerme12](http://www.conftool.pro/cerme12) The authors submit the initial version of their paper on the website (uploading it both as a .doc and a .pdf file, and providing the required information, in particular the TWG number).

### **Reviews and decisions**

Each paper will be peer-reviewed by two persons from among those who submit papers to this TWG. Please expect to be asked to review up to two papers. The group leaders will decide about the acceptance of posters.
